QubicaAMF ball returns reliably return balls AND YOUR INVESTMENT.

Customers appreciate QubicaAMF ball returns for the way they quickly and reliably return balls, for their clean contemporary styling, and for their fun glow rails and hoods.

You'll like QubicaAMF ball returns for those reasons as well – plus their dependable operation, their powerful and industry-leading lift motors, and their ease-of-maintenance.

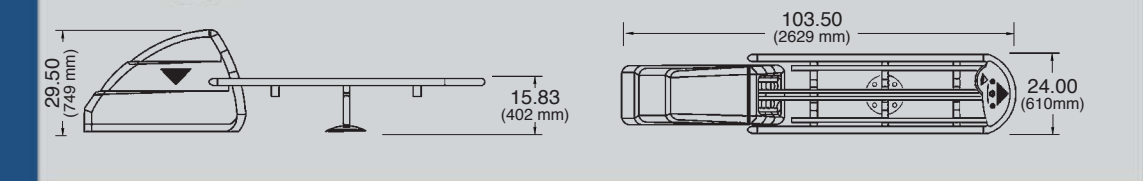

QubicaAMF's entire product line delivers the same benefits. You get smooth, virtually trouble-free center operation. Your customers get a satisfying bowling experience every visit. All of which explains why QubicaAMF is the number one choice among owners, operators and bowlers worldwide.

Profile Ball Return

From every angle, in every feature, Profile Ball Returns are solid, stylish units.

- Contemporary design and glow-in-the-dark hood and rails complement all QubicaAMF furniture for a coordinated center look.
- Unique Smarthpath™ distribution guarantees alternate left/right ball placement for bowler convenience.
- Rack provides generous 11-ball storage capacity; or upgrade to a 15-ball rack.
- Optional lower storage rack accepts 10 more balls.
- Strong power-lift motor can lift five balls at once.
- Hood lifts off for easy access to controls and motor.
- Available as a complete unit and as hood and rack upgrade.

Options Ball Return

The attractive Options Ball Return differs in one distinct way: its rack sits five inches higher than the height of a traditional rack. This height makes it easier for bowlers young and old and short and tall to retrieve balls.

- Contemporary styling and glow-in-the-dark hood and rail complement QubicaAMF furniture for a coordinated look. Goes well with other furniture, too.
- Unique Smarthpath™ distribution guarantees alternate left/right ball placement for bowler convenience.
- Rack provides ample 11-ball storage capacity; or upgrade to a 15-ball rack.
- Optional lower rack storage accepts 10 more balls, perfect for when large numbers of bowlers use adjacent lanes.
- Strong power-lift motor can lift five balls at once.
- The only power lift in the industry with its motor and control box above the lane level for easier access and maintenance.
