

# SmartGuard™ Safety System

## SmartGuard Safety System: Pinspotter Compliance Made Easy

Feature	Benefit	QubicaAMF XLi EDGE
<b>The Most Technician-Minded Design</b>		
<b>Exclusive</b> Transparent Guarding	Makes it easy for the technician to see the pinspotter operating and know what is going on.	YES
Interlocked Guards	The technician can quickly access all key areas of the pinspotter; no tools required to remove the guarding.	YES
<b>Exclusive</b> LED Status Indicators	If there is a problem with the system it lets the technician know at a single glance where the problem is. Quick troubleshooting.	YES
<b>Exclusive</b> Patented Single Level Walkway Platform	Allows for unobstructed, safe access on top of the machines, with room to safely walk and work.	YES
<b>Best for the Customer Experience</b>		
<b>Exclusive</b> Pin Retrieval Tool	The most common pinspotter stops can be resolved safely and quickly without shutting down the machines.	YES
Interlocked Guards	The technician can access and resolve issues quickly so stoppage of bowler play is minimized.	YES
<b>True Peace of Mind for the Proprietor</b>		
Meets all CE Requirements	Would be accepted in all EU (European Union) countries.	YES
