

Fly'n Ducks *It's Bowling in Your Space*

A woman with short dark hair, wearing a blue button-down shirt and gold hoop earrings, is shown in profile from the chest up. She is smiling and looking towards the right. Her hands are holding a dark-colored bowling ball with a red and black marbled pattern. The background is a blurred indoor setting, likely a bowling alley, with warm lighting and some colorful lights visible in the distance.

We Create Moments

The best part of any moment is sharing it with your favorite people. At QubicaAMF, everything we do helps bring people together to create those special experiences.

Sharing in a game of bowling, guests will enjoy the best of times with family and friends. With Fly'n Ducks, our customers have discovered how profitable, social, and fun bowling can be at any time, in any space.

What is Fly'n Ducks?

Fly'n Ducks is an exciting bowling game on a shorter bowling lane that uses a smaller ball and unique bowling pins, called duckpins. It brings with it all the competitiveness, comradery, and revenue earning potential of traditional bowling, while being specifically designed for simple operation and ownership.

Fly'n Ducks is the space thrifty attraction you and your guests have been searching for.

- It transforms your place into an entertainment destination.
- It easily fits into your business, your way.
- It increases revenue as guests stay longer and spend more.

Gather Around Everyone

Fly'n Ducks is the perfect addition for any place that people gather.

- Cinemas
- Family Entertainment Centers
- Bars, Restaurants and Breweries
- Hotels, Resorts and Casinos
- Apartment Complexes and Communities

And just like with traditional bowling, Fly'n Ducks brings people together to create amazing moments.

It's Bowling in Your Space

We designed Fly'n Ducks to fit into YOUR business.

Benefits for your operations and staff include:

The ability to maximize profits by automatically adjusting pricing based on demand.

Frees up employees with pay at the lane options.

Game operations that are simple and require no lane conditioning, special shoes, or ball sizes.

An ease of operations, as anyone on your staff can learn to use it and maintain it.

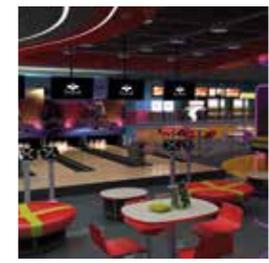

A flexible footprint that fits in most venues without sacrificing space.

No need to remodel or hire skilled people to manage the fun.

AND higher revenue for your center.

Stand Out with the Crowd

Fly'n Ducks is a real crowd pleaser!

Transform your facility into an entertainment destination for the entire neighborhood and guests will want to return again and again.

Your location can offer:

The place to party! For birthday celebrations, team building events, girls' or guys' nights out, themed events, bowling contests, mini-leagues, ... the list is endless.

A dynamic game that fosters friendly competition for players of all ages and abilities.

A fun V.I.P. space for guests to socialize and play together while they enjoy your facility's food and beverage options.

A participatory activity where everyone can either play or become a part of the festivities as they cheer from the sidelines.

One single bowling ball size, AND no rental shoes! Everyone bowls in their favorite footwear!

Keep'em Rolling

Fly'n Ducks is loaded with unique features that will entice guests and make your operations a breeze.

CenterPunch Deck Lights

Guests can celebrate strikes (and gutter balls) longer and together with our special effects pin deck lighting.

Tech Wizard

Your go-to app for any questions with real-time notifications, step-by-step instructions and video guidance on what needs to be done – and fast.

EDGE String Pinspotters

With more than 9,000 EDGE String lanes installed, it is the industry's most popular, simplest, and reliable string machine.

BES X Bowler Entertainment System

Provide an endless variety of fun and skill games for your guests, in addition to the classic three-ball duckpin game.

Pay at the Lanes

Guests can start rolling the moment a lane opens up. System works with most major game card platforms.

Lane Options and Upgrades

CenterPunch Capping Lighting

Enhance the visual impact and guest experience. CenterPunch Capping Lights integrate with the CenterPunch Pindeck Lighting on Fly'n Ducks to deliver striking, coordinated lighting effects.

Lane Side Guards

Made of strong transparent polycarbonate, these guards provide an unobtrusive barrier to ensure any wild ball throws are contained.

DuraBowl Automatic Bumpers

Player-selectable automatic bumpers give guests an option if they need help keeping balls out of the gutter. This is especially nice for younger players.

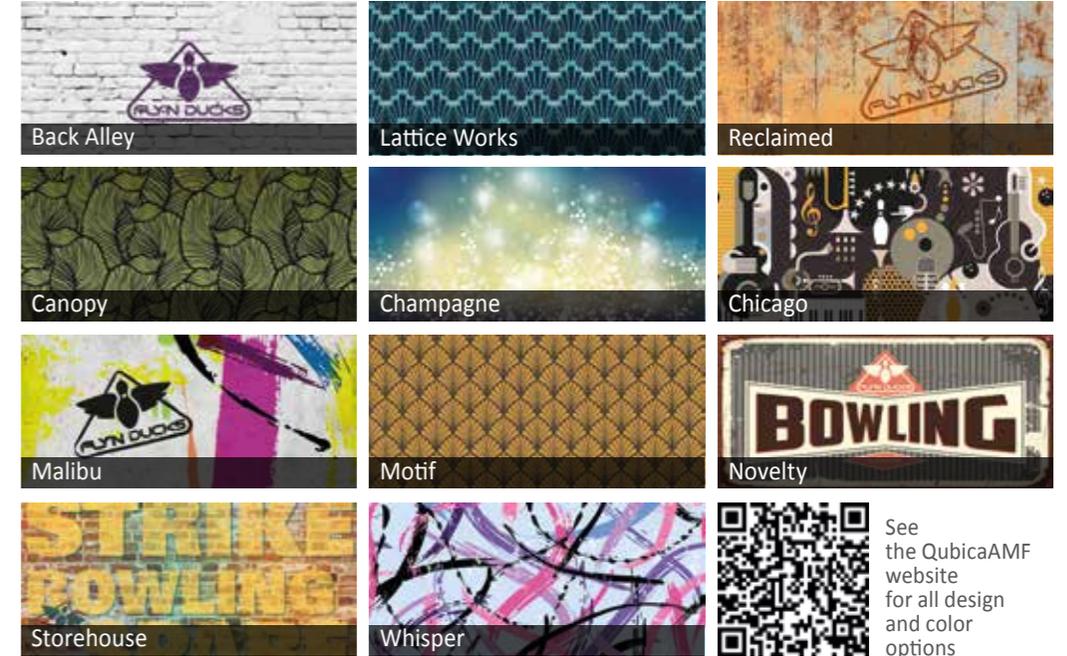

Soft Duck Pins

Traditional hard duck pins are standard. Choose soft duck pins if a quieter experience is desired. They are also easier to topple, making them a great option if you want to provide a slightly easier experience for guests.

Masking Options

Choose either the Fly'n Ducks Graphic Mask, with 30 design and color combination choices. Custom mask available.

Graphic Mask Options

See the QubicaAMF website for all design and color options

Or deliver dynamic entertainment with the Fly'n Ducks Video Mask.

Video Mask Option

Space Required

Standard Length

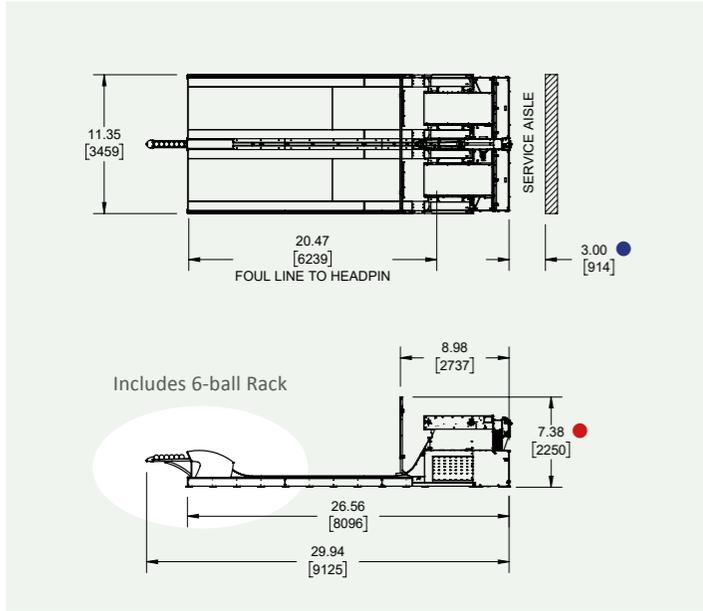

The smallest possible footprint and maximum revenue/square foot

A lane pair of Standard Fly'n Ducks can be installed in space as little as 32'-3"L x 11'-4"W x 7'-6"H.

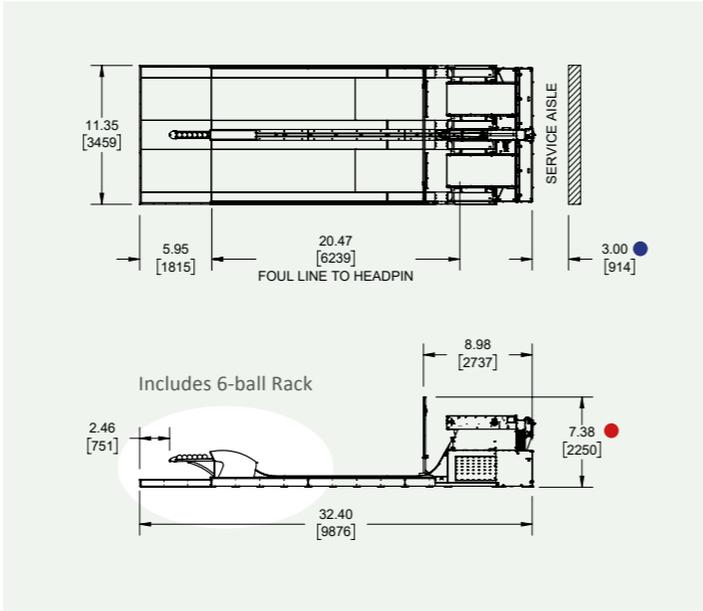

This includes a 4' players area in the front and 1'-8" minimum service aisle behind the machines. A 3' service aisle is recommended.

Available with or without the traditional bowler approach platform.

Foregoing the bowling approach platform saves additional space and provides ADA accessibility without the need for ramps.

Standard Fly'n Ducks, no Approach

Standard Fly'n Ducks, with Approach

● A 3' (914 mm) service aisle behind the machines is recommended. The minimum service aisle width is 1.64' (500 mm)

Midway Length

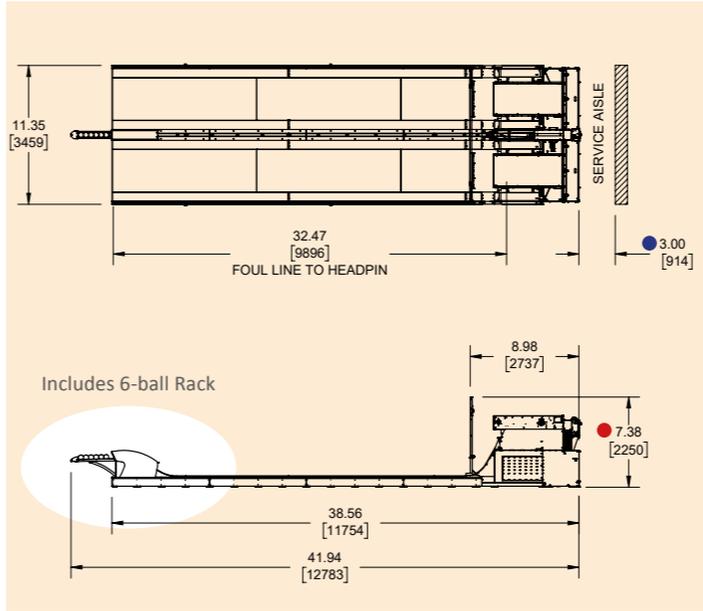

A slightly more challenging playing experience than the standard length

A lane pair of Midway Fly'n Ducks can be installed in space as little as 44'-3"L x 11'-4"W x 7'-6"H.

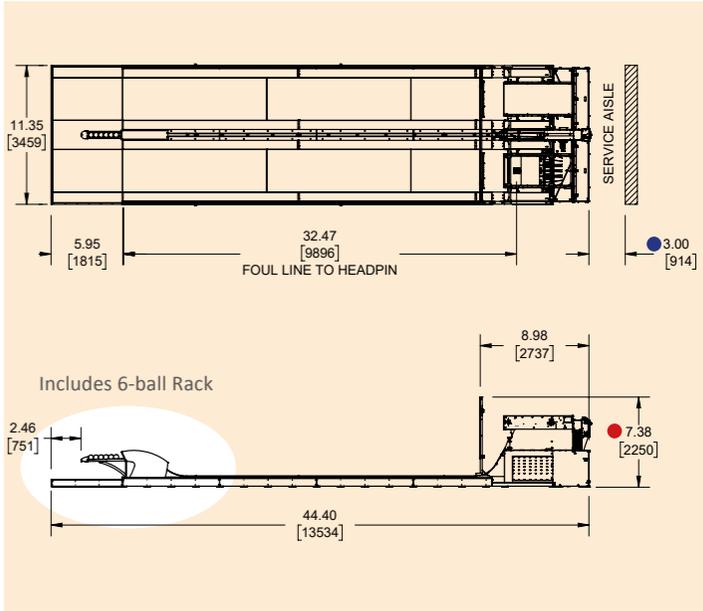

This includes a 4' players area in the front and 1'- 8" minimum service aisle behind the machines. A 3' service aisle is recommended.

Available with or without the traditional bowler approach platform.

Foregoing the bowler approach platform saves additional space and provides ADA accessibility without the need for ramps.

Midway, No Approach

Midway, with Approach

● The 7.38' (2250 mm) mask height shown is for the graphic mask. The video mask option requires 8.63' (2631 mm)
