

## Conqueror X: Adding Games/Time to Multiple Lanes

Adding games or time to a group of lanes in one transaction allows the center to better service the customer by only requiring one payment. This is an alternative to modifying multiple lanes one at a time and taking payment for each lane separately and will save time for center staff.

1. From the Conqueror X all lanes screen, highlight one of the lanes in the group of lanes to be extended and click "Modify."

- 5. Click the check box at the top right of the screen to the left of "all." This will un-check all the checked boxes down the right side.
- 6. Click the check box next to "Lane purchase," then click the down arrow.

- 7. Repeat step 6 for each additional lane until all of the check boxes to the far right in the lane purchase row have been checked.
- 8. Click the "Pay Now" button to proceed to the payment screen.

9. All lanes of the group can now be paid out by keying the amount tendered then clicking "Pay" or "Receipt"
